

ART AGAINST BLOODY SHIT

Following the Russian full scale invasion in 2022,
we gathered support for our family and friends in Ukraine.

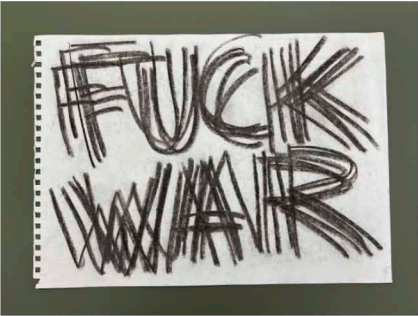

People could donate or buy art works & services via an online platform.
All profit went to a projects run by friends who bought second hand vans in Europe,
brought them full of support goods to Ukraine, where serve emergency purposes:

- transport civilians to safer areas
- deliver medicine & food
- deliver protection & observation devices for civilians
- offer vans for de-mining

Due to exhaustion we had to stop. We wish this formula could continue or inspire
to help this and other causes which are challenging our co-existence.

On the next pages You can find images from our project.

DE VRIJE ODE, is een korte performance van +- 15 minuten in de vorm van een ontmoeting tussen een (on)bekende bezoeker en een danseres. Op een afgesproken moment komen bezoeker en danseres samen in een kamer waar de bezoeker een "bewegende ode" ontvangt van de danseres. De ode ontvouwt zich in het hart van de ontmoeting; de danseres wordt spiegel en reflecteert voor de ogen van de bezoeker wat er in het moment in hun ont-
